STOCK MARKET REPORT TUESDAY 6TH SEPTEMBER 2022

INVERELL CATTLE SALE

Yarding: 589

Change: -8

Comparison: 30th August 2022

It was similar penning to last week at 589 mixed cattle which featured a well presented offering of heavy cows and a good yarding of yearling cattle to suit backgrounders and feeder operators. There was a cow operator missing from last week however all other regular buyers attended.

Weaners were in limited numbers with steers in the majority, heifers not so many. There was strong demand for those steers. Light weight yearling steers to background sold to strong trends. Feeders were considerably dearer. Medium weight feeder steers also sold to strong demand depending on quality with some inferior types making back to 400c/kg. Similar demands through the yearling heifer categories. Better quality light weight types were dearer, the feeders much dearer. Medium weights sold to mixed trends depending on quality, however the better-bred drafts sold to significantly dearer trends.

A draft of plainer crossbred heifers sold to a restocker for 292c/kg. Cows on the whole sold to cheaper trends as much as 20c/kg, with the heavy drafts topping at 378c/kg. Heavy bulls much dearer to top at 390c/kg.
